Gentlemen : — For more than twenty years I have been troubled with *Hay Fever*. It commenced August 24, and lasted until frosty weather. It was followed by a *Nasal Catarrh* which lasted until May or June. I received a package of HAKKA CREAM from a friend last July, which I used occasionally until the *Hay Fever* appeared in all its glory, as active as ever, then I used HAKKA CREAM vigorously without any regard to directions. Within ten days my *Hay Fever* was all gone, and has not returned, neither have I had *Nasal Catarrh* up to this date, Dec. 12, 1892. I use HAKKA CREAM once a day as a preventive.
